

Material
OILES#2000 (Sintered Alloy + Steel)

ORDERING METHOD

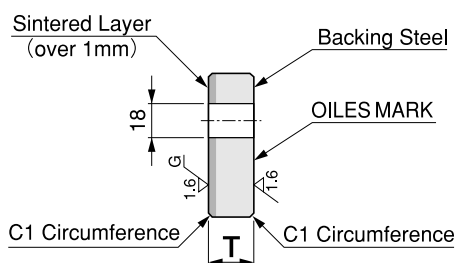

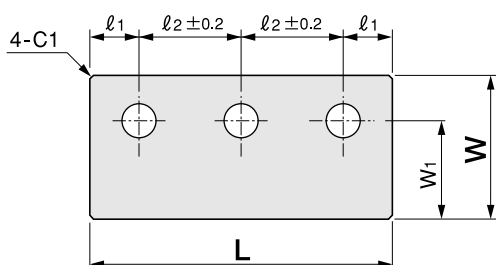

CUN - 25200

Parts No.

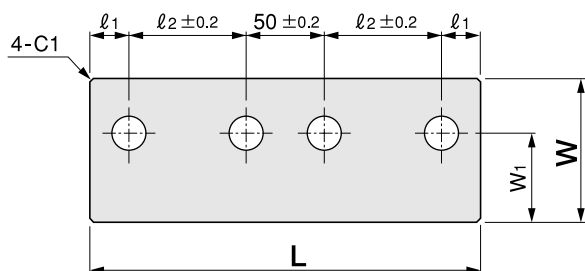

Ex.:T25mm×L200mm

- This can be applied to the Cam Upper Plate in the place where CWX(10mm thickness plate) is used for the Cam Slide Plate.
- This can be used in the die mount and aerial cam.
- Be aware of which side is the front and which the back when installing the die body. The OILES mark is found on the face of the side opposite to the sliding face.

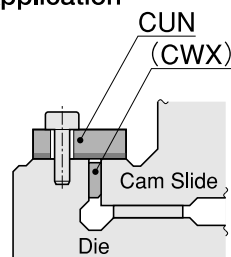

CUN-25160~30200

CUN-30250

● Application
